

PALLET TOP SHEETING

THE BASICS

We have individually cut sheets in boxes, perforated sheets on rolls, boxed rolls and cradlepacked rolls all in stock. Ideal for protection from dust and debris or, used for interleaving, these items are available in two dozen sizes. Stock items ship within 24 hours.

Our sheets and sheeting are engineered to provide three times the impact and twice the tensile-strength of traditional low-density polyethylene products and are made in the USA with 100% renewable energy.

INDIVIDUALLY CUT SHEETS

Made from a blend of 100% virgin Low and Linear Low-Density Polyethylene. All sheets are packaged flat in cases. Available as made-to-order only.

BUILD ANY SIZE: **Mil: 1-8 W: 6"-60" L: 6"-60"**

MACHINE GRADE TOP SHEETING

Made from 100% virgin Low-Density Polyethylene with an anti-stat additive to allow for unimpeded application. This provides coverage for the top of a pallet during the stretch wrapping process and serves as a protective cover from dust, debris, moisture and additional weathering. All sheeting is single wound on 3" cores.

ITEM	WIDTH	GAUGE	FT/RL	RL/DIA	WT
13960	60"	2	2600	10"	112
13970	72"	2	2000	9"	104

Custom Options are available. Ask your Rep to quote your custom item. Note: This product has a 3-roll minimum order.

Machine Grade Top Sheeting is developed specifically for automated palletizing equipment.
